## ABOUT THE COMPANY

Advanced Printing & Packaging Machineries is a premier manufacturer and supplier of industrial-grade corrugated board and box making machinery, delivering engineering excellence to packaging industries worldwide.

Trusted by leading manufacturers across India and international markets for precision, reliability, and innovation.

ADVANCEDPRINTPACK.IN

## OUR MISSION

01

Engineering  
Excellence

02

Delivering precision-  
built machinery that  
empowers packaging  
manufacturers

03

Uncompromising quality  
in every component,  
every machine, every  
delivery

04

Continuous innovation to  
meet evolving global  
packaging demands

## OUR VISION

A

Global Leader in  
Packaging

B

Precision  
Manufacturing

C

Innovation &  
Technology

D

Customer Partnership

ADVANCED PRINTING &  
PACKAGING

## WHY CHOOSE US?

Decades of Industry Expertise  
International Quality Standards  
Comprehensive After-Sales Support  
Custom Engineering Solutions  
Trusted by Leading Manufacturers

We deliver precision-engineered packaging machinery solutions built for global performance and lasting reliability.

ADVANCEDPRINTPACK.IN

## OUR KEY DIFFERENTIATORS

01

Decades of Proven Expertise

02

Years of engineering mastery in corrugated & packaging machinery

03

International Quality Standards

04

ISO-aligned manufacturing with globally certified components

## OUR STRENGTHS

A

Custom Engineering Solutions

B

Comprehensive After-Sales Support

C

Trusted by Industry Leaders

D

Rapid Spare Parts & Service Network

## OUR FACILITY

Our state-of-the-art manufacturing facility in Amritsar is equipped with advanced CNC machining centers, precision tooling, and automated assembly lines ensuring consistent world-class quality. Every machine undergoes rigorous multi-stage quality inspections, load testing, and performance validation before dispatch — meeting international industrial benchmarks.

## OUR MARKET REACH

01

Pharmaceutical  
& Healthcare

02

Electronics  
& Appliances

03

Textile &  
Garments

04

Automotive  
Components

## INDUSTRY SECTORS

01

Corrugated  
Packaging

02

FMCG &  
Consumer Goods

03

Food &  
Beverage

04

E-Commerce  
& Logistics

## PRODUCT LINE

Our corrugation machines deliver exceptional flute formation accuracy with automatic feeding systems engineered for uninterrupted, high-volume production.

Built for industrial-grade performance, each unit features precision-engineered rollers, energy-efficient drives, and robust steel construction for lasting reliability.

## KEY SPECIFICATIONS

REQUEST QUOTE

AP MACHINERIES

## AUTOMATIC FEED. PRECISION FLUTING. SUPERIOR OUTPUT.

### Speed :

Up to 150 m/min production rate

### Flute Types

A, B, C, E & F Flute Profiles

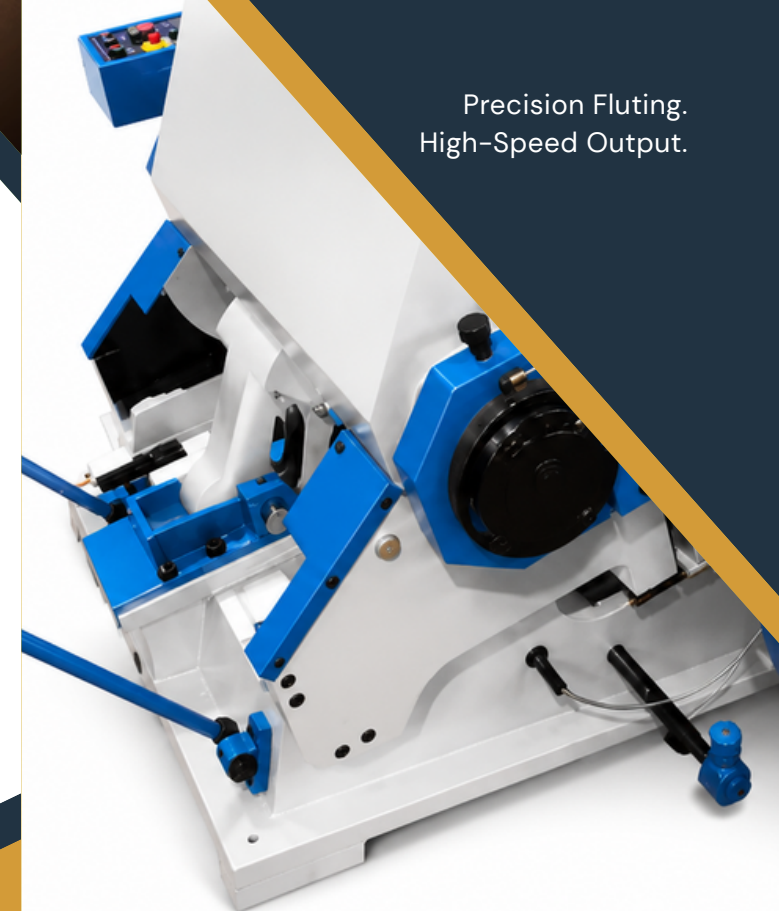

### Width

1200mm – 2500mm Working Width

ADVANCED PRINTING &  
PACKAGING

## CORRUGATION MACHINES

Precision Fluting.  
High-Speed Output.

## OUR EQUIPMENT

Our die punching and creasing machines deliver unmatched precision for corrugated board and carton manufacturing, engineered for high-volume production environments. Built for accuracy, durability, and speed — our machines ensure every cut and crease meets the highest quality standards for international packaging markets.
